Feedback from Students: What stands out to you after your time at NCI

- The lecturers were amazing. I look up to them and have always admired their competence and integrity.
- The Lectures were interesting and highly informative.
- The psychology staff in NCI were absolutely outstanding!
- The lectures were very helpful, and all the staff were extremely supportive and kind during the time.
- Fun lectures - videos/group work/games/case studies etc.,
- Career support was fantastic! Went above and beyond to find a role that I was suited to in the field I wanted.
- NCI was a great college, with a wonderful set of lecturers, a great set of student union members who went out of their way to help, particularly in the first year of study. The college itself is convenient to commute to.

Feedback from Students: What stands out to you after your time at NCI

- I loved NCI from the students to the staff it was an amazing 3 years Meeting new people, learning new skills such as making a website & learning how to start up a mini business from scratch
- The Internship 100% got me the industry contacts and reputation to land my current role.

- The main thing that stands out for me was how hands on the course was, I think doing the capstone was way more beneficial to me than just doing a thesis would have been.
- The Capstone Project was the biggest takeaway from my course as it helped me practically learn on the go and put the theory learned to use.
- I learned about e-commerce, marketing, and how analytics work and how they can shape whatever you decide to do in the future.
- Lecturer support was fantastic. Practical modules have really aided me in my day-to-day work life. Time management. Industry knowledge.
- The lecturers were fantastic. The capstone project is great experience and responsibility and allows you to learn the skills you need in this space.
- The lectures were brilliant!
- Location of the campus was accessible and had plenty of amenities.
- Small scale classes made it easier to engage with lectures and collaborate with them
- Careers were fantastic, so helpful, couldn't have asked for more
- Fantastic support From the Careers Service.
- The time lecturers took to go through assignments and help with anything that was needed.

Feedback from Students: What stands out to you after your time at NCI

It was a positive experience- Enjoyed the Students Union.
The Lecturers were very helpful.
Relationships developed with lecturers and classmates was a very positive part of attending NCI. As our class was small it was easy to get to know everyone and get on with each person very well.

- Good mix of modules taught, good use of business modules to give experience to what working in that environment can be like, in conjunction with IT.
- The variety of content within the course and the online facilitation of some classes with recordings.
- Enjoyable campus to be on. Lecturers very helpful.
- Career Service was a very professional team that provided great support for me when I was looking for work for my internship and some good help after college also when looking for a full time position. Feel that they contributed to current success.

Feedback from Students: What stands out to you after your time at NCI:

- The internship was a key aspect to me securing a job in the industry I wanted.
- Great Staff in NCI, very supportive. Great systems in place to assist students with CV Writing & Interview Preparations.
- Open ended projects, allowing us to choose what to do. Promotes self learning etc
- Secondary support, extra classes were very helpful. Assignment due dates were appropriately spaced out.
