Course Description

This programme covers the essential elements of Learning & Development for all those interested and involved in the development of people. We take the best-in-class theory and approaches and help you apply it to your organisation. Learning alongside other professionals, you will be taught by lecturers with years of practical experience in Learning & Development. An innovative assessment structure is in place which promotes both the understanding of academic principles and the application of skill. Assessment is by means of skills assessments, projects and team presentations.

The programme is taught in a blended format, with evening classes taking place in our live, virtual classroom and Saturday workshops taking place on campus in the IFSC

Upon successful completion of the Certificate, there are only two more modules to complete for achievement of the Diploma in Professional Learning & Organisational Development
