Read, Rattle and Roll/ Baby Massage
(Our Baby groups alternate)

Read, rattle and roll is a 6 week programme and Baby massage is a 5 week programme for pre-mobile babies (booking required)

Location and times:

- Irishtown Primary Care Centre on Thursdays from 11-12pm
- National College of Ireland on Mondays from 2-3pm

Our Baby Massage Group introduces parents to simple, gentle massage techniques that can be enjoyed with your baby in a calm and welcoming environment. Sessions combine relaxation, touch, songs and gentle interaction, creating a lovely opportunity to slow down and enjoy special one-to-one time with your little one.

Our Read, Rattle and Roll group is an interactive early-learning session designed for babies, filled with stories, rhymes, songs, rattles, music and movement. Children can explore sounds, rhythm and language through playful activities, while parents enjoy quality time connecting with their little ones.
