

Examination Review Application Form

Review means the re-consideration in detail of all or part of the existing examination material where feasible by the internal and external examiner(s). The outcome of a review may mean a result is found to be higher or lower than that initially indicated. A review will not be considered except under the three criteria listed below (Section B). If you wish to query a particular mark and do not have specific grounds for review under the three criteria (Section B) you can request a re-check (Form AR2). A review automatically includes a re-check. Students should apply for feedback prior to a request for examination review.

This form should be completed (Sections A,B,C,D,E) and returned to the Fees Office by [redacted]. The fee of **€80.00** per module must be included - see below for acceptable payment options.
