

Guidelines on the Garda Vetting Process

National College of Ireland undertakes Garda Vetting for the purpose of ensuring that there are no factors indicating that an individual is unsuitable to work with or participate in volunteer activities that bring them into direct contact with children or vulnerable adults. Vetting is carried out by the National Vetting Bureau (NVB).

Garda Vetting is deemed necessary for any persons involved in work or an activity which is carried out by a person having access to, or contact with, children or vulnerable persons.

Please note that students will not be permitted to begin their placement until their vetting application is processed and approved in accordance with NCI's Student Vetting policy.

There are three parts to the Garda Vetting process.
